HEPRO X

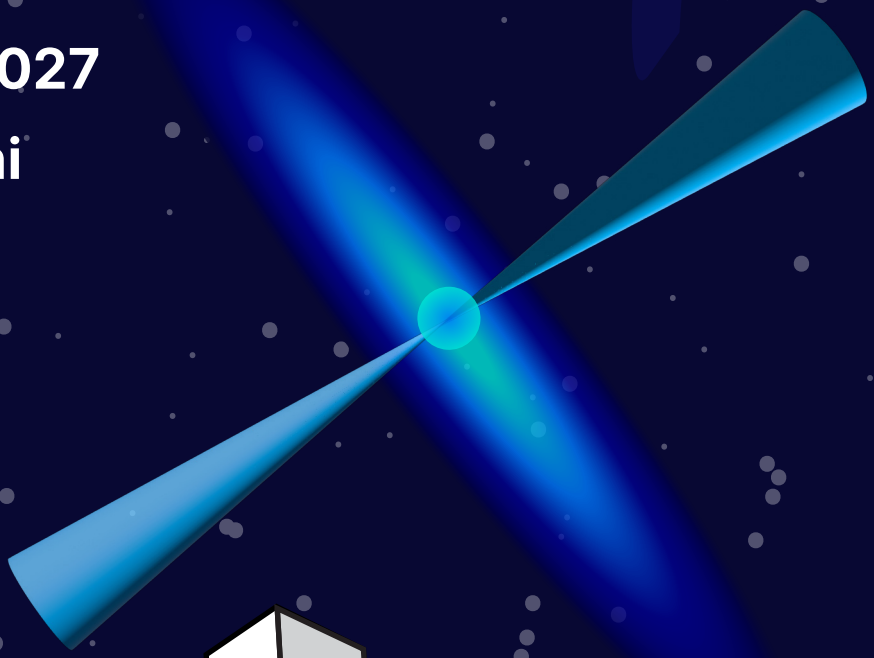

High Energy Phenomena in Relativistic Outflows

31 May - 4 June 2027

Palazzo de' Toschi

Bologna, Italy

Learn more about it.

The meeting will celebrate the 10th anniversary of the HEPRO conference by highlighting the immense progress made in understanding some of the most powerful non-thermal phenomena in the Universe.

Organised by: CTAO

Supported by: INFN, INAF Istituto Nazionale di Astrofisica
